

EARN AND LEARN

An apprenticeship is a paid job that includes work and classroom lessons. Someone who is new to the field, the apprentice, learns the skills needed for the job from an expert in the field, a master craftsman. There are apprenticeships for many different careers — from high-tech manufacturing to health care.

Do you think you have what it takes to succeed in an apprenticeship program? Take this quiz and see how you do.

APPRENTICESHIP QUIZ*

- | | | |
|--|-----|----|
| 1. Are you a “kinesthetic” learner? That is, do you learn best by doing? | Yes | No |
| 2. Do you like working with other people? | Yes | No |
| 3. Are you good at solving problems? | Yes | No |
| 4. Do you like it when someone demonstrates how to do something? | Yes | No |
| 5. Do you like doing “hands-on” activities at school (such as science labs)? | Yes | No |
| 6. Are you willing to work hard for your goals? | Yes | No |
| 7. Are you persistent? Are you willing to keep trying until you succeed? | Yes | No |
| 8. Are you dependable? Can other people count on you? | Yes | No |
| 9. Do you want to learn skills that will get you a good job? | Yes | No |
| 10. Do you want to be paid while you learn your job? | Yes | No |

If you answered at least 7 of these 10 questions “yes,” then you have the potential to be an apprentice. Start by exploring apprenticeships that interest you.
